- Connecting Utility Services – You will be required to present a valid drivers license, fill out and sign necessary paperwork, and pay deposits and connect fees. Deposit fees:

Connect Fees

- \$15.00 Residential Electric Connect Fee
- \$20.00 Residential Water Connect Fee

Deposits

- \$50.00 Residential Electric Deposit
- \$60.00 Residential Water Deposit

Business and Commercial accounts, deposits will vary.

- Disconnecting Utility Services – The best way for you to make sure your utility services are disconnected is to go into the City Complex Utility office. You will be required to fill out and sign necessary paperwork, and provide your forwarding address if applicable. If you have relocated to another city, you may call the City offices to disconnect service and can verify your account with your driver’s license number, or the last 4 digits of your social security number (if on file).

- Transferring Utility Service – In the event that you are moving to a new residence you can transfer your utility service along with the deposits on your existing account. Transfer fees will need to be paid at the City Complex Utility

Office. Those amounts are:

- \$15.00 Electricity Transfer Fee
- \$20.00 Water Transfer Fee
